Remembrance Day Dance To Be Held In Crossfield

A Remembrance Day Dance will be held in the U.F.A. Hall, on Friday, 10th November.

The Crossfield Branch of the Canadian Legion appreciates the support given by the residents of this district in past years, and can assure you that the money derived has been used to assist many transients who, sad to say, still need to ask this organization for something to eat. They will never be turned down.

This year the proceeds will be donated to the Canadian Red Cross Society, Crossfield Branch and we trust that everyone will purchase a ticket for the dance and help the Red Cross.

Branch of Red Cross Organized In Crossfield

A very enthusiastic crowd of both men and women gathered in the Fire Hall, Crossfield, Thursday evening last, October 26th, to organize a local branch of the Red Cross. Mayor Wood opened the meeting with the main object being immediately stressed. He said the Canadian government was to raise a large sum of money, \$15,000.00 of which was to be raised by Alberta alone, and that this meeting was called to organize a Red Cross Society in Crossfield and help raise the required amount.

Both men and women expended their best efforts and it was not very many minutes and the officers were elected. Nomination was followed by the motion of a "nominations closed" and the organization was formed, officers of which are as follows:

President, F. Laut; Vice-President, Mrs. A. E. Edlund; Sec.-Treas., H. R. Fitzpatrick; and an executive committee comprising O. E. Jones, Mrs. A. McFadyen, Mrs. H. R. Ballam, Mrs. P. H. Fleming, T. M. Mair and Mrs. C. Fox.

A number of those present handed over dollar bills, which placed them on the membership roll. The meeting was a huge success, and an executive meeting will be called in the near future, so as to arrange for the campaign to commence November 3rd.

Fire Arms to be Handed to Police

All enemy aliens are asked to hand their firearms, such as rifles, revolvers, etc., to the Mounted Police immediately, or they will be called for.

First Board of Trade Dance Postponed

Owing to unforeseen weather conditions, the first Board of Trade Dance of the season had to be postponed, but it is hoped that the next one on schedule Friday, November 24th, will meet with the satisfaction of the Board, both as to weather and crowd.

Wedding.

CLAYTON—SHARP

The local United Church was the scene of a pretty wedding Tuesday evening, October 31st, when Miss Helen Sharp, daughter of Mr. and Mrs. J. Sharp, of Crossfield, became the bride of Mr. Ed. Clayton, of Airdrie. The Rev. S. R. Hunt performed the ceremony. Messrs. Lorne Sharp and Bert Clayton were ushers.

The bride entered the church on the arm of her father, to the strains of Lohengrin's, played by Miss Wilda Laut. She was

Miss Velma Pogue Honored

On Monday evening last, the A.Y.P.A. entertained at the home of Mr. and Mrs. T. Treda way, in honour of Miss Velma Pogue, a bride-elect of this week. The early part of the evening was spent in playing games. The guest of honor was then presented with many useful gifts, after which lunch was served.

Board of Trade General Business Meeting To-Nite

Remember the Board Meeting to-night, to be held in the United Church Hall at 8 o'clock.

More Local Men Enlist.

Another 1914-18 veteran has enlisted. Wm. Russell, who served with the 43rd Cameron Highlanders of Winnipeg and served in France for three and a half years, left for Calgary Monday, October 23rd, to join the Calgary Highlanders as signaller.

Roy Cameron, of Madden, also left for Calgary the same day, from where he will go to Ontario for further training.

Amsterdam Delegates Speak to Young People

On Sunday, October 22nd., Mr. Garth Walker and Mr. Jerry Hutchinson, both of Edmonton, gave a very interesting account of the Amsterdam Christian Youth Conference, held this summer. They explained the circumstances which led up to this world-wide Christian Youth Conference and told of some of the difficulties under which it met. Fifteen hundred delegates from seventy-one different countries representing all the races of the world met for ten days at Amsterdam to discuss with each other the problems facing them, as Christian Youth in the world of today.

The different Christian churches and group must work with one another and help each other. This did not, however, mean uniformity of worship throughout the Christian world. They said that the different people should be allowed to worship in the way they thought best, but there should be that feeling of brotherhood and fellowship among all Christians, in our own community, our own country, throughout the world, for we all believe in one God, worship one Saviour. Some very interesting slides were shown taken by the delegates on their trip over to Scotland, through England, and in Amsterdam itself. In the evening Mr. Walker spoke at the Young People's service in the United Church.

Mr. Walker was the Anglican delegate, while Mr. Hutchinson was sent by the Student Christian Movement in Alberta.

Remember The Living

Poppy Day, 1939

The warm-hearted public of Canada is asked to study the following facts concerning the distribution of "Vetcraft" Poppies:—

1. All Poppies, Wreaths, etc., distributed in the Poppy Campaign are manufactured by disabled soldiers in "Vetcraft" Shops or, in some instances, by disabled soldiers and their dependents at home, under the Department of Pensions and National Health.
2. The custom of wearing the poppy as the "Flower of Remembrance" has continued in Canada since 1923.
3. The Canadian Legion undertakes annually the distribution of these Poppies, Wreaths, etc., throughout the whole of the Dominion.
4. The National Distribution is carried out through the medium of the Canadian Legions' Dominion and Provincial Commands, who are charged with the duty to see that, so far as possible, the Message of the Poppy is carried to all sections, classes, and communities in Canada.
5. The prices charged by the Legion are based on cost plus the necessary expense.
6. Any monies remaining in the hands of Dominion or Provincial Commands upon completion of distribution are applied to the maintenance of Canadian Legion Service Work, which is carried on by the Legion for the benefit of all Canadian ex-Service men and women throughout Canada, whether members of the Legion or not.
7. The entire proceeds of the monies contributed by the public for poppies are spent for relief or other essential assistance to ex-Service men and women.
8. The task of nation-wide distribution of these Sacred Emblems is one of great magnitude. The twofold objective, Remembrance of the Glorious Deed and practical assistance to the Living, is most worthy.
9. While doing its utmost to assist in Canada's present war effort, the Canadian Legion must continue to help necessitous victims of the Great War 1914-18. So join with the Legion and —

NATIONAL HOCKEY LEAGUE WEEK-END GUESSING CONTEST 150 pounds of Chocolates to be GIVEN AWAY during the season

Everyone in Alberta is interested in hockey—It's our National game. Saturday evening we all gather round the radio to listen in to Foster Hewitt and his broadcast of the games played in Maple Leaf Gardens, Toronto.

Now, in order that you may get an addition thrill out of these games, we are going to Give Away, "ABSOLUTELY FREE," three prizes each week-end.

FIRST PRIZE 2-POUND BOX OF CHOCOLATES
SECOND PRIZE 1½-POUND BOX OF CHOCOLATES
THIRD PRIZE 1-POUND BOX OF CHOCOLATES

How To Win The Prizes

A coupon will be given with every purchase made (students 15c or over, adults 25c or over) in our cafe—all you have to do is to fill it in. First, put down the name of team opposing Toronto, then the scores and who scored the goals. Very simple, isn't it. The correct or nearest correct answers will receive the prizes.

Every member of the family can take part in this Free Guessing Contest. Start to-day — it's going to be a barrel of fun.

The first game in this contest will take place on Saturday, November 4th, 1939.

Important

Guesses must be in our hands each Saturday at 6 p.m. This contest will be continued throughout the Season.

A coupon will be given with every 15c and 25c purchase; this includes Confectionery, Tobaccos, Meals, Etc. The more you buy the more chances you have to win. For the amount you spend you may be a winner — who knows. ACT NOW!!!

LETTER TO THE EDITOR

As an act of courtesy "Letters to the Editor" are published, and the Chronicle cannot be held responsible for the opinions expressed.

Water Valley.

Dear Mr. Editor:

Your agent for this district, G. Day, induced me to take your paper by saying you would take taters or any old thing for payment.

Well, I am in a heluva fix, I've got no taters, so enclose Voucher for \$1.00, go and buy your own taters.

J. S. Smith

Water Valley.

Dear Sir:

We hope E.M.C. will not resent our commenting on his weekly column of October 19th

issue. We think these things important and are interested, else no comment.

One sentence of his column, "But we who demand conscription of wealth, must be prepared for at least a partial conscription of production". If wealth is to be conscripted, surely that means production. In our opinion there is no wealth which can be exchanged one with another, except labor and labor's products. Of course there is the multitude of gifts from a divine providence, (the somethings for nothing) which we have and accept without thought or realization that without these gifts our puny efforts would be more futile than the tiniest atom, molecule or electron.

With just a little application of our God-given brain, we can enumerate these gifts (something for nothing) without end, the sun, the air, the water in all its forms. H2 O the wonderful, which man claims to know what it is, but cannot make.

Even our ancestors have bequeathed a lot of something for nothing to us, the British Empire languages, writing, printing, our accumulated knowledge, Milton, Shakespeare, and Browning and the thousands of other things.

These things are wealth untold but not the wealth that needs conscription.

Sir Norman Angell says in "The World's Chief Money Illusion", this illusion is: That money is wealth. We think what you mean is conscription of finance or money. In our opinion finance is a tool which is being used continually to conscript wealth and if our governments would conscript finance, then they would have the greatest extractor of wealth at their disposal and could make conscription absolutely painless, as every one is so used to parting with wealth for these tokens of finance.

Wealth is: Labor or labor's products.

Your money and my money is: Coined labor.

Finance: Fountain pen or book entry money.

I take exception to the next sentence in your column: "There will not be, and should never be profit out of misery—not in a democracy". In my opinion, "There always has been, and always will be, profit for the Jew and misery for the many, in a plutocracy."

We, the people, can change all this just as soon as we quit being would-be plutes, and organize politically and economically to get the abundance which we know is possible.

We could win this present war and come out richer instead of in debt. We could help the Empire many times more and without taking one thing away from a single plute, except that power to write money on paper which rightfully belongs to our parliament.

Geo. F. Day.

Editor Chronicle
Sir.

I have been thinking over E.M.C.'s letter. He said "But we who demand conscription of wealth, must be prepared for at least a partial conscription of production."

If production is not wealth, what is it? Possibly E.M.C. is confusing money with wealth; money is only a ticket or claim

to wealth. For the last 10 years in particular, the former has had his production stolen from him, so that conscription would be different in name only. Leave it to MacKenzie Liar King to skin the farmer.

The Crimson Trail

One of the most popular shows
on the air for both children and
grown-ups is "The Crimson
Trail." The story tells of life in
Canada during the building of
the building of the Canadian
Pacific Railway. Most of the
scenes are laid right here in Al-
berta... Southern Alberta...
right around Calgary, and there-
fore that much more interesting
to listeners. Believe me, this IS
one of the BEST shows on the
air.

It is interesting to the children
because there are lots of bad men,
Indians, and the (then) North
West Mounted Police all fighting
against one another to help or
hinder the building of the rail-
ing.

For adults there is a love
interest between the "Mountie"
Brand Emerson, and beautiful

Patsy Dunsmuir, daughter of a
rancher just out from England
The story is historically correct,
although of course, the characters
are fictitious.

Another thing that is of inter-
est to the children is the Club
called the "Crimson Trail Riders
Club", which the boys and girls
can join. It adds so much more
interest to the story for the
youngsters because they feel that
they belong to the story.

Now parents, if you haven't
heard this story, make sure to
arrange yourselves with the
children, around the radio every
Monday, Wednesday and Friday
at 6:00 p.m., and tune in to CFAC

districts are surely blessed with
a beautiful scenery this wonder-
ful Monday morning; a nice white
blanket, a foot deep, and the
trees, decorated with their hoar

the white background rolling
hills and valley. From our
point of vantage we look west
toward the mountains and see
the rolls of evergreen, pine and
spruce loaded with their capaci-
ty of clear white snow, while the
poplars standing naked and un-
ashamed; all this topped by the
great white black ranges of the
Rockies. In the last month we
have had a wonderful display of

By E. M. C.

I may be mistaken, but from various things read and heard it seems that we are a little too inclined to be over-confident and self-satisfied with the progress of the war. The conflict is still far away, the backwash has not reached us yet, but it will. We should be prepared for a long war with ever increasing frightfulness and complications.

Is it to fight Germany alone that the Allies have purchased over 5,000 planes in addition to their own production.

Is it to fight Germany alone that Canada is to become the centre for aircraft production and pilot training.

Do we realize that Canada is disdained to take a very prominent and responsible part in supplying munitions, food and trained specialists.

It does not seem probable that we will be called upon to supply thousands of shock troops as in the last war, conditions have changed. But we should remember that this is far more a citizen's war than the last, we are all on active service as never before. Farmers particularly should be prepared to assist with out expectation of profit.

Note that Australia has compulsory military training for home defence, why? We live in a very desirable and thinly populated country, that condition should be warning enough and our uncles and cousins across the line may have trouble enough of their own.

The conclusion is that the Dominions must be prepared to take a greater part in their own defence and not depend so much as in the past on the Old land.
